

HOME FOR POOR RAZED BY FIRE; 28 KNOWN DEAD

NEARLY 200 INMATES OF PITTSBURGH INSTITUTION REPORTED INJURED

MANY EXPECTED TO DIE

Helpless Old People On Fourth Floor Gave First Alarm Of Tragic Conflagration

PITTSBURGH, July 25 (UP)—Fire raged through the four story brick building of the Little Sisters of the Poor home for the aged here last night and early today, burning to death 28 of the helpless, aged inmates and injuring 175.

It was feared many of the injured would die. None is admitted to the charitable institution under 60 years of age. There were 106 men and 125 women inmates and 16 nuns in the structure.

Evening vespers had been said, lights turned out and all occupants were in bed when the fire started in an arway on the fourth floor. Flames burst through the roof and passersby gave the first alarm.

Helpless inmates on the fourth floor sounded the first warning inside the building. They thumped on the floor with the canes kept beside their cots and awakened Mother Superior Agatha, head of the home.

Mother Agatha groped her way through the hall, lighted only by the flames, to the first floor and rang the house fire alarm. The second alarm brought the nuns who started organizing those inmates able to walk, into line, and led them to fire escapes.

"They were so helpless," Mother Agatha said in recounting her attempts to calm the women inmates. "There were no lights—only the horrid reflection of the flames."

"As we went into the dormitories some of them were panicky. We did everything possible to get them moving. They did pretty well but every once in a while one broke from the lines, wanting to go back for her shawl or for her slippers."

"But that awful crackling of the flames brought them back."

"As soon as we got the women moving out we went to the men's dormitory."

Outside, arrival of the first fire department and the screams of the frightened and injured attracted hundreds of residents of the east end section. Six alarms brought all available fire apparatus. The crowd grew to thousands.

Firemen broke down gates in the high brick wall surrounding the building and ran ladders up to the windows from which trapped men and women were calling for help.

Citizens and firemen made their way into the building and brought out the dead and injured. Automobiles were commandeered and within a few minutes nearby hospitals were filled with the victims.

Many of the victims died enroute to the hospitals. The lawn in front of the home was turned into an emergency first aid station, with doctors, nurses and nuns administering relief.

Priests were called and administered the last rites of the church to those still conscious.

Inside, some of the inmates became panicky while Mother Agatha and the nuns tried to get them from the building.

Edward McMenamin and Harold Lauer were among the first rescuers to reach the building. Each was able to rescue three women before smoke drove them out of the building for the last time and firemen with smoke masks took over the task.

Three reviewers, named to assess damages resulting from the vacation of the Joe Akers road in Washington township, met Saturday morning to view the road.

It was said that viewers appointed by the commissioners appraised Mr. Akers' damage at \$100 but that Mr. Akers refused to accept this figure. The reviewers then were named to go over the road and appraise his damage.

The reviewers are Frank Farmer, James Garner and Robert Howlett.

The reviewers in their report to the auditor Saturday afternoon refused to allow Mr. Akers any, damage whatever.

COUNTY BOARD OF FINANCE HOLDS MEETING SATURDAY

A meeting of the county board of finance, composed of the county commissioners and Mayor W. L. Denman of Greencastle, was held Saturday afternoon at 2 o'clock in the court house to arrange details pertaining to the re-distribution of Barrett law funds. The board divided the funds between the First National Bank and the Central National Bank of Greencastle, the funds to be deposited in proportion to each bank's capital and surplus. Barrett Law funds have been collected for the past two years by the city clerk but an act of the 1931 legislature transferred the collection back to the county treasurer where they had been handled prior to that time.

AMERICANS KILLED ISTANBUL, Turkey, July 25, (UP)

Pauline Kast of Ohio and Rutgers Barclay of New York were reported today to have been among the six passengers killed in an airplane crash in the Balkans last night.

THE WEATHER

Fair; slightly warmer in extreme north portion tonight; Sunday mostly fair and somewhat warmer.

CO. COUNCIL

HAS SPECIAL

MEETING HERE

APPROPRIATE TOTAL OF \$5,243 TO MEET CURRENT EXPENSES OF COUNTY

At a special session of the County Council Saturday morning a total of \$5,243 was appropriated from the county general fund to pay expenses against the county incurred during the present year. A total of \$366 asked by township assessors for assessing this year was disallowed but will be taken up again at the September session of the council, it was said.

Of the total amount appropriated, \$1,200 will be available for replacing the Beech Grove bridge near the Parke county line, which was washed out by rains this spring. This bridge is on an improved county road and is used by both school hacks and a mail route, it was reported.

The remainder of the appropriation was for expense of the county clerk, county coroner and county health officer, a delayed election claim, improvement and repair of the county jail and expense of inmates in state institutions.

Several of the council members expressed the opinion during the discussion over claims filed by assessors, that the assessors with the exception of Henry O'Hair of Greencastle, were asking for more money than they were entitled to under the law. Charles Marshall, county assessor, said the township assessors had been paid the amounts they were asking, for a good many years.

All members of the council including John Sinclair, chairman, H. C. Foster, George Ensign, William B. Bridges, H. C. Morrison, George Aker and Charles McFerran, were present for the meeting.

Five Perish In Airplane Crash

PILOT AND FOUR PASSENGERS KILLED AT CASS LAKE, MINNESOTA

CASS LAKE, Minn., July 25, (UP)—A trick maneuver so that passengers could wave at relatives on the lake shore or structural weakness in the ship was blamed today for the crash of a monoplane which took the lives of four passengers and the pilot.

The dead were: Dr. Charles C. Gault, 38, Owatonna, former professor of physiology at the University of Texas.

Father Lawrence J. McHugh, 35, instructor at St. Mary's college, Winona, Minn.

Father J. J. Stapleton, 34, priest at St. Pary's parish, Wasecan.

A. B. Conrad, 24, pilot, Rochester.

Ralph Ausk, 10, Cass Lake, who had been invited to ride at the last minute.

Witnesses said the plane swooped low over the She-Kay-Tay resort section on Cass Lake so the passengers could wave at the Gault family which was on the beach. Suddenly the wing cracked off. The ship then was 100 feet up. All five persons were killed instantly.

MARRIAGE LICENSE

Jean W. McCullough, employe Indiana Portland Cement Company, of Quincy, and Lucile Alkire, postoffice clerk, Clöverdale.

GERMAN BANKS DECIDE UPON WORKING PLAN

WILL WORK TOGETHER FOR MUTUAL SUPPORT SAYS ANNOUNCEMENT

STABILIZE FINANCES IS HOPE

"All For One And One For All" New Motto Of German Banking Firms

BERLIN, July 25 (UP)—A new and important agreement under which Germany's largest banks will work together for mutual support was announced today.

The agreement was designed to stabilize national finances after current emergency measures have been withdrawn, and to prevent recurrence of the recent near-disaster.

With a motto of "all for one and one for all," the banks agreed to assure each other all necessary financial assistance after the present partial banking moratorium has been rescinded and larger out-payments have been resumed.

The Reichsbank will back the agreement, which was understood to be intended primarily to protect one of the biggest of the German "D" group banks, known to be in difficulty, but whose safety was understood to be assured by the agreement.

The "D" banks are several large banking institutions, one of the most prominent—the Darmstadter und National, or Danat Bank—having already been shut down in the crisis of a week ago last Monday.

DAVID STIGLER IS AWARDED BRIDGE CONTRACT

David Stigler, with a bid of \$970.45, was awarded the contract to build the Beech Grove bridge in Clinton township, by the county commissioners at a meeting Saturday afternoon. The engineer's estimate on the road was \$1,115.55.

Other bidders were Isaac Skelton who bid \$1,053; Lane & Hendricks who bid \$997.55; and W. H. Rupert, \$1,047.

The bridge, which was washed out by rain, will be completed by September 1, according to the contract agreement.

Zep Points Its Nose Northward

GIANT GERMAN SHIP ENTERS SECOND LAP OF TRIP TO POLE

BERLIN, July 25, (UP)—The Graf Zeppelin was bound for Leningrad, Soviet Russia, today on the second lap of its flight to the north pole.

The big German dirigible left Staaken airport outside Berlin at 4:43 a. m., with Dr. Hugo Eckener in command, and carrying 16 passengers and 30 members of the crew.

Leningrad is about 825 miles north-east of Berlin, but Dr. Eckener said he expected to reach the former Russian capital late in the day.

The Graf was sighted over Gotland Island in the Baltic Sea at 11:20 a. m. The world-girdling dirigible arrived at Staaken airport last night from its home port of Friedrichshafen, making the 350 mile flight without incident in about six hours.

On the daring flight over the pole, scientists on board plan to gather important material on geographic and meteorological conditions in the Arctic.

ONE INDICTED FOR SLAYING

CHARGED WITH MURDER OF WILLIAM LAYTON, FORMER GREENCASTLE BARBER

James Thomas McCubbin, one of three alleged bandits involved in the murder of William Layton, Indianapolis barber, April 31, was indicted on a charge of first degree murder Friday by the Marion county grand jury.

Layton was shot to death when he resisted a robbery attempt. McCubbin's companions have not been captured.

Layton formerly was a barber in Greencastle and has several relatives residing in this city.

A son was born to Mr. and Mrs. Raymond Baldwin, 128 West Berry street, Saturday afternoon.

Judge James P. Hughes is driving a new Dodge sedan delivered by the H. A. Sherrill Sales Company.

FIGHTS FOR LICENSE

INDIANAPOLIS, July 25—Kenneth Hauk, Merrillville high school teacher and coach, whose teacher's license was revoked yesterday by the state board of education, will carry his fight to the Marion county courts in an effort to keep in the teaching profession, his attorneys announced yesterday.

Hauk's license was revoked because he had been convicted in Lake county on charge of contributing to delinquency of high school girls.

The revocation climaxed a hearing conducted by the state education board in the House of Representatives.

Hauk pleaded guilty to the charges and was fined \$25 and sentenced to serve 60 days on the state farm by Judge E. Miles Norton of the Lake circuit court.

Hauk was released from the state farm after serving half his sentence when Gov. Harry G. Leslie issued a parole upon recommendation of the state farm trustees.

Former Ladoga Woman And Son Are Arrested

MRS. JENNIE MYERS, LESTER MYERS, FOUND AT PORTLAND MILLS

Mrs. Jennie Myers and her son Lester (Kelley) Myers, 26, formerly of Ladoga, were arrested near Portland Mills, in Putnam county, by Sheriff Frank Hitch and Officer Francis Sheldon and Sheriff Alva Bryan of Putnam county, and his deputy Thursday night.

Mr. and Mrs. Myers were placed under arrest at their home in Ladoga by federal prohibition agents several months ago, after a raid on their home, during which a quantity of alcohol was found. The alcohol was destroyed by the agents and Mrs. Myers and her son were ordered to appear in court the following morning.

Following the raid the two federal men made their appearance at the office of Prosecutor George Brubaker and informed him of their action. He issued warrants for the arrest of the couple, but when Sheriff Frank Hitch attempted to serve them he found the two Myers had gone to Virginia.

Sheriff Hitch and Officer Sheldon met the Putnam county officers at Portland Mills. The four officers surrounded the house, and when they entered found Mrs. Myers alone. She was placed under arrest and the officers set themselves to await the return of the other member of the family.

The father, Ed Myers, returned home. He told officers that he did not know where his son was. Further questioning, which ended with the proposal of Sheriff Hitch to take Mrs. Myers to jail here alone, ended with the result that the father went to the home of a neighbor and brought back the son. He had been warned of the officers' presence by two daughters of Mrs. Myers, who slipped away from the house unseen when officers arrived.

The pair are charged with possession of liquor and unlawful sale.—Crawfordsville Journal-Review.

Belle D. Grimes Taken By Death

LIFELONG RESIDENT OF RUSSELLVILLE DIES AT HOME THURSDAY MORNING

Mrs. Belle D. Grimes, lifelong resident of Russellville, expired at 10:30 o'clock Thursday morning at her home. Mrs. Grimes had been in failing health for several years, but she did not become seriously ill until July 1, when she was taken to the St. Vincent's hospital in Indianapolis for treatment. She was returned to her home Tuesday, July 14. Dropsy caused death.

The deceased woman was born Feb. 20, 1857, in Russellville, the daughter of David S. and Mary Dryden. She was united in marriage on Jan. 26, 1882, to Henry M. Grimes, who died Dec. 11, 1921. She was a member of the Presbyterian church and was one of the most loved and respected women of the community.

Those surviving are a son, Ray G. Grimes, of Indianapolis two grandsons, James and George, also of Indianapolis; a brother, James Dryden, of Russellville, and a sister, Mrs. Cora Butcher, of Morton.

Funeral services were held at the Grimes home at 2 o'clock Saturday afternoon, with the Rev. H. L. Todd, of Indianapolis, officiating. Burial was at the Russellville cemetery.

BAKER SAYS HE BOUGHT STOLEN CAR

INDIANAPOLIS MAN HELD UNDER BOND OF \$2,500 IN LOCAL JAIL

MAY CHANGE PLEA TO GUILTY

Claims He Did Not Take Active Part In Roachdale Auto Theft And Attempted Robbery

LeRoy Baker, age 28 years, of Indianapolis, held in the county jail here on charges of vehicle taking and second degree burglary in connection with the theft of an automobile and attempted robbery of the Faller Clothing store at Roachdale July 14, maintains that he is innocent of any active participation in the two crimes, according to Sheriff Alva Bryan.

A car with a certificate of title issued to Baker, which was abandoned a half mile from Roachdale the morning of the attempted robbery, and which led to Baker's arrest at Cambridge City last Saturday afternoon, was stolen from a Columbus man some time ago, it was learned Friday through an Indianapolis insurance adjuster.

Baker claims he purchased the automobile from an Indianapolis man, whose name he strangely cannot remember, for a down payment of \$20. He admits he was employed by two other men to drive them to Roachdale the night of the automobile theft and attempted robbery there. Baker claims he drove the two men around in Roachdale and then went to a point a half mile east of town where he let them out of his car. He alleges he stayed near the car to watch it while they were gone.

Sheriff Bryan thinks Baker's story is pretty thin because Baker did not explain why he abandoned his car when the other two men fled past him in the machine stolen in Roachdale following the attempted robbery of the Faller store when they were fired upon by Ott Faller who was asleep inside. Roachdale citizens seized the Baker auto and turned it over to Sheriff Bryan when they found it in the search for the fleeing robbers.

Baker is held in the county jail under \$2,500 bond on each charge pending his trial which cannot be held until the September term of court which begins September 28.

Prosecutor Marshall D. Abrams said Saturday that Baker had been feeling local authorities out concerning his sentence if he decided to plead guilty at once to one of the charges against him. It was said Baker was showing a decided dislike to the County Jail where he will be held until tried unless he can raise bond.

Local authorities, however, are still hoping to find Baker's two companions the night of the attempted robbery. They are certain that Baker knows considerably more than he is telling.

Local authorities, however, are still hoping to find Baker's two companions the night of the attempted robbery. They are certain that Baker knows considerably more than he is telling.

DRIVE BIRDS AWAY; ARMY WORMS ATTACK

Air rifles in the hands of tough-tongued boys are being used to kill and drive away birds in Greencastle, thus aiding army worms in their attack on grass and other vegetation in the city, according to Greencastle persons who called attention to the fact that this practice should be stopped.

One resident stated Saturday that black birds, which heretofore have proven more or less of a nuisance in trees of the city, were aiding in exterminating the dreaded army worms. Black birds were said to be digging the army worms out of the grass in great numbers.

Other varieties of birds, protected by law, are also being shot with air rifles, it was said. Birds are one of the greatest enemies of destructive worms and should be protected instead of being made the target of BB guns.

Postal Employees To Picnic Sunday

TWELFTH ANNUAL EVENT TO BE HELD AT ALLENDALE ALL DAY SUNDAY

The twelfth annual picnic of post-office employees and their families of Putnam County will be held at Alendale Springs, south of Greencastle, all day Sunday. Postoffices in all sections of the county will be represented by Postmasters and employees and their families.

The day will be featured by the usual big basket dinner and games and contests of various kinds. An effort will be made by the program committee Saturday to secure an out-of-town speaker.

NEWGENT REUNION

The annual Newgent reunion will be held at the home of Mr. and Mrs. Andrew Wimmer near Bainbridge, Sunday, July 26th. Everybody is welcome.

EDITOR BADLY HURT

LOUISVILLE, Ky., July 25, (UP)—No change was reported at Baptist hospital here today in the condition of Ed J. Hancock, publisher of daily newspapers in Greensburg and Rushville, Ind., who was injured critically in an auto collision near Scottsburg, Ind., yesterday.

Mrs. Carl Rogers, Scottsburg, an occupant of the machine driven by Hancock's son, John, was killed in the accident.

BUS DRIVERS NAMED

At a meeting with the trustee William Compton, and the advisory board, held at the Russellville school building Tuesday evening, July 21, the school bus bids were received and routes let to the following for the coming term of school: Charles Scribner, Bert Gardner, Fred Sturgeon, Neal Everman, Walter Bullerdick and Rafe McGaughey.

CUT EXPENSES HOOVER TELLS DEPARTMENTS

PRESIDENT ORDERS STRINGENT ECONOMY IN FEDERAL GOVERNMENT

WASHINGTON, July 25 (UP)—Stringent economy in every branch of the federal government has been ordered by President Hoover.

To the heads of all departments, commissions and boards he has addressed a letter calling on them to reduce expenses wherever possible and to slash to the bone the budget that is now being prepared for the fiscal year beginning July 1, 1932.

Every governmental activity that can be curtailed "without serious detriment to the public welfare" should be "eliminated or postponed," the president said.

The federal treasury closed the 1931 fiscal year on June 30 with a deficit of nearly one billion dollars. Another large deficit is in prospect for the present year. Mr. Hoover characterized the situation as an "emergency."

July 1 estimates to the bureau of the budget showed contemplated expenditures for this fiscal year to be in excess of those in the year just closed, the president said. He requested the heads of government agencies to submit new and lower estimates by August 17.

The president began his economy campaign last spring. He summoned several cabinet officers to his Rapidan Camp for week-end conferences. Promises were made to clip off a few millions here and there, but no sizeable reductions were made in this year's budget.

Local authorities, however, are still hoping to find Baker's two companions the night of the attempted robbery. They are certain that Baker knows considerably more than he is telling.

Local authorities, however, are still hoping to find Baker's two companions the night of the attempted robbery. They are certain that Baker knows considerably more than he is telling.

OLDEST MASON DIES

CHARLTON, Mass., July 25 (UP)—Leopold Miller Logee, America's oldest Mason, died at the Masonic Home here today in his 106th year.

Receives First Garbage Check

W. D. JAMES PAYS CITY \$118.19 FOR FIRST SIX MONTHS OF YEAR

Mayor W. L. Denman Saturday was displaying a check for \$118.19 received from W. D. James, who received the contract for collection of city garbage as provided in a new city ordinance passed the first of the year. The check represented the amount due the city for the first six months of the year under Mr. James' contract.

According to Mayor Denman the new method of city garbage disposal is proving highly satisfactory. He stated that Mr. James had divided the city into three sections and collects table garbage from each section on regular days. A few persons have occasionally been missed by the garbage collector but these persons are taken care of as soon as they notify Mr. James.

Persons living north of Walnut street have their garbage collected on Monday and Thursday; those living between Walnut and Hanna on Tuesday and Friday; and those living south of Hanna street on Wednesday and Saturday.

The mayor stated that the new plan of garbage disposal not only solves this problem which the city has faced for several years, but also enriches the city more than \$200 annually.

INCREASE SIZE AND WEIGHT OF PARCELS.

POSTAL DEPARTMENT'S NEW REGULATIONS WILL BECOME EFFECTIVE AUG. 1

Beginning August 1, the postal department will make some changes in regulations governing the handling of parcel post packages. The weight limit will be increased to 70 pounds for all zones and the size will be increased from 84 inches to 100 inches for combined length and girth. The weight limit heretofore has been 70 pounds for the first and second zones only.

The price for parcel post packages ranges between seven cents for one pound for the local zone to 13 cents for the eighth zone; and for 70 pounds it ranges from 42 cents for the local zone to \$8.41 for the eighth zone, which includes all distant points in the United States.

COED SLAIN BY APACHES IN ARIZONA

GIRL'S BODY FOUND IN CANYON, HAD BEEN MISSING SEVEN DAYS

THREE INDIANS ARRESTED

Officials Seriously Consider Theory Columbia University Coed Was Killed By Squaws

WHITERIVER, Ariz., July 25 (UP)—Death by violence marked today the end of the dangerous trail over which a brilliant young Columbia university coed set out alone into the wild country where live the descendants of Germano, fiercest of a long line of Apache Indian chieftains.

Her head battered and her throat bearing the marks of murderous fingers, the body of Miss Henrietta Schmerler, 25, was found yesterday in a canyon seven miles from here. She had been missing seven days.

On the ground about the body were marks which indicated that the eastern girl who risked her life in a daring attempt to learn the tribal secrets of the Apaches had fought valiantly against one or more assailants.

Claude Gilbert, a young Apache brave with whom the girl was last seen, was arrested. Two other Apaches whose names were not disclosed also were held. Authorities insisted, however, that Gilbert was held for selling beer rather than in connection with the slaying.

An inquest into Miss Schmerler's death was ordered for today, at which time it was believed more facts concerning the mystery would be revealed.

The body, found by a posse of Indians led by a white deputy sheriff, George Woolford, was brought to Whitewater lake yesterday. It was a strange procession that wound its way back to the town through the rugged pine-clad hills between here and the canyon. In the advance were braves, marching single file along the trail. One led a horse, over the back of which the body of the girl was tied. More braves followed, with the white deputy at the end of the line.

Excitement was widespread today through Whiteriver, which has only a small Apache population but which is the seat of the Roosevelt Apache school.

Assistant United States District Attorney J. B. Wheeler of Phoenix, Sheriff L. B. Divilbess of Navajo county, and a county physician were called to lead the investigation. They expected expert aid from Deputy Woolford, who has associated with Apaches for many years.

Woolford indicated he considered seriously the theory that Miss Schmerler was killed by women. He said women of the tribe are always quick to resent the intrusion of whites. Particularly when the visitors associate with the braves.

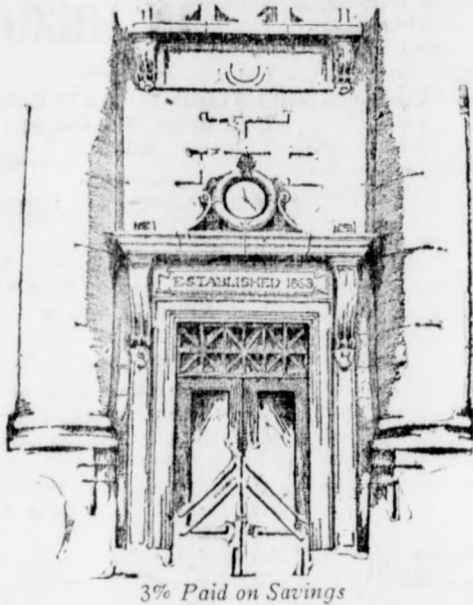

The Apaches of today, he said, are a peaceful people although descendants of warriors who were among the fiercest in the west in early pioneer days. About their only troubles any more, he said, occur after drinking sprees. It has been 10 years he said, since an Apache killed a white man in Arizona.

(By REV. F. B. FITZWATER, D. D., Member of Faculty, Moody Bible Institute of Chicago.)
(© 1931, Western Newspaper Union.)

Lesson for July 26

CHRISTIANITY SPREAD BY PERSECUTION.

LESSON TEXT—Acts 7:54-8:4; 11:19-21; 1 Pet. 4:12-19.

GOLDEN TEXT—Fear none of those things which thou shalt suffer: behold, the devil shall cast some of you into prison, that ye may be tried; and ye shall have tribulation ten days: but ye shall be faithful unto death, and I will give thee a crown of life.

PRIMARY TOPIC—The Gospel Spread by Persecution.

JUNIOR TOPIC—Christianity Spread by Persecution.

INTERMEDIATE AND SENIOR TOPIC—Martyrs of the Early Church.

YOUNG PEOPLE AND ADULT TOPIC—The Results of Persecution.

Christianity is a life, a "way." Because it is the life of God expressing itself through men, it is indestructible. Its genius is to prosper through opposition. "The blood of the martyrs is the seed of the church." Prosperity may ruin the church, but persecution never.

1. Stephen Stoned (Acts 7:54-60).

In Stephen's ministry as deacon he testified of Jesus Christ and wrought miracles in confirmation thereof. This aroused violent opposition on the part of the synagogue officials. Not being able to meet the wisdom as Stephen spoke by the Holy Spirit, they stirred up the people against him. They arrested him and brought him before the council. They accused him of blasphemy and employed false witnesses against him. They could not silence him by argument before the council so they decided to do so by violence.

1. Stephen looking into heaven (v. 55). Instead of looking about upon his murderers in their raging fury he looked up to heaven. This was the secret of his calmness.

2. He saw the glory of God (v. 55). A vision of God's glory only can be seen by those who are loyal to him even unto death.

3. He saw Jesus at the right hand of God (vv. 55, 56). The fact that Jesus was standing showed his actual interest in the sufferings of his faithful witness.

4. Cast out of the city and stoned (vv. 58, 59).

5. His prayer (v. 60). He kneeled down and cried with a loud voice, "Lord, lay not this sin to their charge." How like the prayer of Jesus on the cross!

6. He fell asleep (v. 60). The Christian's death is only a sleep.

II. Persecution of the Church at Jerusalem (Acts 8:1-4).

1. The ringleader (v. 1, 3). As a member of the Sanhedrin Saul had cast his vote against Stephen. He perhaps was the Sanhedrin representative to guide and direct in the execution. Saul's consenting to Stephen's death shows that he was not taking part himself, but directing the activities.

2. The disciples scattered (v. 1). The stoning of Stephen had so aroused the passions of savage men that they proceeded to wreak vengeance upon the Christians, who, as a result, were scattered abroad.

3. Preaching the Word (v. 4). Though forced out of Jerusalem, they did not go out in a panic, but went "everywhere preaching."

III. Preaching the Lord Jesus at Antioch (Acts 11:19-21).

In the providence of God a new missionary center was now being prepared. With the conversion of Saul and his commission as the apostle to the Gentiles, a new center was needed. Antioch was well suited as that center, for it was the natural door to the Graeco-Roman world. The persecution at Jerusalem sent the disciples as far as Antioch.

1. Preaching to Jews only (v. 19). In this they followed the example of Christ. They had not yet come to realize the universality of the gospel. Even thus limited, they were used in carrying out the divine purpose.

2. Preaching to the Greeks (v. 20). The disciples who had come from Africa and Cyprus were of broader sympathy than those of Palestine, and they courageously crossed the line preaching the Lord Jesus to the Greeks.

3. The hand of the Lord upon them (v. 21). Perhaps the Holy Spirit was poured out anew as at Pentecost. Their ministry was accompanied with the divine blessing. Many believed on the Lord through their ministry.

IV. Rejoicing in Persecutions (1 Peter 4:12-19).

Fery trials are to be expected by the disciples of Christ. The world hated Christ and put Him to death. To be reproached and hated for Christ's sake is a badge of honor, and those who may be called upon thus to suffer should rejoice.

Christ Wins at Last

No matter what the obstacles, Christ wins at last. No matter what the delays and disappointments, Christ triumphs in the end. In spite of suffering and loss and repeated defeats, Christ is the eternal conqueror. Lord, we believe! But we need a lot of help!—Charles E. Jefferson.

High School Christian Endeavor at 6:30 P. M.

Union evening service in the Presbyterian Church at 7:30 P. M. with Rev. Crowder preaching the sermon.

TO BE COMMITTED

Application for the admittance of Mrs. Charlotte Foster, age 71 years, Greencastle colored woman, to the Evansville state hospital, has been sent to Evansville from the Putnam circuit court where Mrs. Foster was found mentally unbalanced at an insanity inquest. Three physicians, Dr. W. M. O'Brien, Dr. W. M. McGaughey and Dr. Gilbert D. Rhea found that Mrs. Foster suffered from delusions, hallucinations, refusal to eat food and other evidences of insanity. Mrs. Foster recently was sent to the county farm after being found insane at an inquest but her condition grew worse resulting in the re-examination and finding that she was insane.

APPRAISERS TO VIEW ROAD

Appraisers named by Judge James P. Hughes of the Putnam circuit court to view a strip of land condemned by the state highway commission in straightening federal road 36 through north Putnam county, will meet with an engineer of the state highway department Monday morning at 9 o'clock to view the condemned strip and assess the damages caused by the cut-off.

The appraisers were named in the condemnation suit of the State of Indiana against Frank Allen and Mary Allen. The Allens are said to have refused to accept a damage estimate fixed by the highway engineers and the condemnation suit followed.

The federal road is being straightened in several places before being paved. Only one condemnation suit was necessary in securing new right-of-way where desired along the road.

Appraisers named by the court are Andrew B. Hanna, Charles P. Broadstreet and Charles H. Crosby.

PROBE FIRE ATTEMPT

CRAWFORDVILLE, Ind., July 25, (UP)—State and county fire authorities have been asked to assist in the investigation of the attempt to burn the Bowers school, north of here. The blaze was checked after it burned a portion of the floor and stairway.

An examination of the \$90,000 structure showed that gasoline had been sprinkled over the floor. A partially filled gasoline can was found near the door. Authorities, who obtained fingerprints, said they had no other clues but were taking cognizance of the fact that the fire started shortly after contract for school bus drivers were let.

the state were under orders from enforcement headquarters here to keep their guns in readiness while making all raids and arrests.

The orders came as a result of the fatal shooting near Fort Wayne of Agents Walter Gilbert and John Wilson when they attempted to arrest George Adams, a bootlegger suspect. Gilbert Wilson and their two companions were unarmed when the shoot-in occurred.

Indiana Railroad Gets T. H. I. & E.

An interlocutory decree giving the Indiana Railroad Company authority to acquire the rail lines of the Terre Haute, Indianapolis & Eastern Traction Company and permitting the Public Service Company of Indiana to purchase the T. H. I. & E. power lines and the lease on the Terre Haute Traction and Light Company was issued yesterday at Indianapolis by the Indiana public service commission.

The properties are at present owned by B. P. Shearon of Chicago, who acquired them on behalf of Samuel Insull and his associates at a receiver's sale several weeks ago.

The decree does not fix a valuation on the properties, nor does it provide for the issuance of securities. The valuation will be fixed and provision for the issuance of securities will be made at hearings to be held later.

The Terre Haute, Indianapolis & Eastern is still being operated by the receiver, Elmer W. Stout, president of the Fletcher American National Bank. Representatives of the Indiana Railroad Company and the Public Service Company of Indiana explained that if a transfer were to await the fixing of a valuation it might be necessary to leave the property in the hands of the receiver for another six months. To avoid this they requested permission to transfer the properties and then conduct the investigations necessary to the fixing of a valuation.

HOPPERS DO DAMAGE

LINCOLN, Neb., July 25 (UP)—Millions of Grasshoppers swarmed today over farms of Nebraska and South Dakota, extended their invasion across the Platte river and created a serious menace which the combined efforts of the farmers, counties and state were powerless to overcome.

Their resources exhausted, farmers of both states agreed that the fight against the invading horde could be continued only with aid from the Federal government.

Leaving Barren fields behind them, the insects were advancing in millions upon a dozen counties not yet affected and in which residents pinned their hopes upon Rep. Edgar C. Howard, who yesterday arrived in Washington and reported he "contracted very cordially with the secretary of agriculture."

Howard asked that federal aid be given to continue the fight to drive back the insect invasion and announced he would carry his appeal to the White House of necessity.

Weeks ago the plague began, a tier of counties in South Dakota being first affected, and even as farmers laughed at "the best hopper story of the day," and told of wagon tongues, fence posts, hay fork handles, and onion tops being eaten by the insects, it became serious.

Seventeen Nebraska counties were affected by the time the millions of black and yellow pests reached the Platte river. It had been hoped the stream would stop the invasion, but yesterday reports came from three counties south of the Platte that the horde had crossed the river.

NOTICE TO NON-RESIDENTS

STATE OF INDIANA,
COUNTY OF PUTNAM, SS:

In the Putnam Circuit Court, September Term, 1931.

Walter S. Campbell, Gilbert E. Ogles vs. Joseph Orr, et al. Suit to Quiet Title. Cause No. 13660.

Come now the Plaintiffs by Hays & Murphy, their attorneys, and file their complaint herein, together with an affidavit of a competent person that the residences, upon diligent inquiry are unknown of the following named defendants, to-wit:

Joseph Orr, Margaret Orr, James Duffield, Cathryn Duffield, John Standiford, Hannah Standiford, Daniel Sigler, Mary Sigler, Bushrod Pool, Catherine Pool, Robert Nelson, Mary Nelson, William H. Thornburgh, Louisa Thornburgh, M. Simpson, Isaac P. Sincler, Mathew Simpson, Ellen Simpson, John P. Sincler, James McKenzie, America Sincler, Alfred Glazebrook, Minerva Glazebrook, Lee W. Sincler, Elizabeth Sincler, Eliza J. Sincler, Isaac L. Sincler, Eliza Sincler, Martha McKenzie, Isaac S. Sincler, Rebecca A. Sincler, Lee W. Sincler, Oliver Brandt, Ann Eliza Sincler, The Greencastle Street Railroad Company, William D. Allen, President, J. M. Nees, Secretary of Greencastle City Street Railroad Company, Samuel Fisher, Isaac Sincler, Robert Morris, Nancy Ann Morris, Alpheus Morris, Rebecca Morris, Louisa W. Fisher, Daniel L. Harris, Piam O. Harris, Samuel C. Hanna, Daniel W. Grubbs, Henry C. Allen, Robert N. Allen, W. J. Allen, D. L. Harris, P. O. Harris, William S. Busick, John P. Sincler, Harris & Company, Ebenezer B. Price, Assignee, The Farmers & Citizens Building Loan Fund & Savings Association, Harris Milling Company, New England Amco Stores, Inc., Martha A. McKenzie, America Sincler, Guardian, Elizabeth Sincler, Eliza J. Sincler, James Branden, Sheriff of Putnam County, Elijah T. Keightly, Sallie Keightly, William W. Brown, Mary J. Brown, Harris & Busick, Sarah E. Busick, Royal Mayhew, Jerome Allen, Cashier, Mary L. Allison, W. C. Allen, the unknown husband or wife, widower or widow, heirs, legatees, devisees, administrators, grantees and assigns, of any and all of the above named defendants, and that they are all non-residents of the State of Indiana; that all of said Defendants are necessary parties to said action; that this is an action to quiet the Plaintiffs title to the following described real estate in Putnam County, Indiana, to-wit:

Lots number Two (2), Three (3) and Four (4) in Block Number One (1) in the Depot Enlargement to the town, now City, of Greencastle, Indiana, against all claims of the defendants or either of them and of any person or corporation whomsoever, through or under whom any claim of title might be asserted and against the whole world.

Notice is therefore hereby given said Defendants and all persons whomsoever that claim any interest in said real estate that unless they be and appear on the 1st day of September Term, 1931, of the Putnam Circuit Court, the same being the 28th day of September, 1931, at the Court House in the City of Greencastle, in said County and state and answer or demur to said complaint, the same will be heard and determined in their absence.

In Witness Whereof, I have hereunto set my hand and affixed the seal of said Court at the office of the Clerk thereof in the City of Greencastle, Indiana, this 17 day of July, 1931.

JOHN W. HEROD, Clerk Putnam Circuit Court.

Hays & Murphy, Attys. 18-3ts.

NOTICE TO ROAD CONTRACTORS

Notice is hereby given by the Board of Commissioners of the County of Putnam, State of Indiana, that sealed bids will be received up to twelve o'clock, noon, on Monday, August 3rd, 1931, for the improving and the construction of the B. F. Jones, et al road in Warren township, Putnam County, Indiana.

Said road to be constructed of crushed limestone and estimated to cost \$7,825.00.

Said road is to be constructed in accordance with the plans, profile and specifications therefor, and now on file in the County Auditor's office of said county, at Greencastle, Indiana, and which are now open for the inspection of bidders.

Each bid submitted shall be accompanied by a bond either personal or surety, in a sum equal to double of the amount of the bid submitted, conditioned as provided by law for the faithful performance of said work.

If a personal bond is given, the same shall have not less than one freehold voter of Putnam County, as a surety thereon.

Each bidder shall submit, with his bid and bond a non-collusion affidavit as required by law.

Before the closing of the contract the successful bidder will be required to file with the auditor a certificate from the Industrial Board of Indiana, showing that such bidder has complied with the Workmen's Compensation Law of Indiana, for the protection of his workmen.

The board reserves the right to reject any and all bids and to discriminate between bidders, and all bids submitted must be filed with that understanding.

The time for the completion of the contract will be agreed upon by the board and the successful bidder at the time the contract is awarded.

Done by the order of the Board of Commissioners, this 3rd day of July, 1931.

M. E. Cooper,
J. G. Britton,
H. A. Sherrill,
Board of Commissioners

Attest: W. E. Gill, County auditor. July 11-18-25.

ject any and all bids and to discriminate between bidders, and all bids submitted must be filed with that understanding.

The time for the completion of the contract will be agreed upon by the board and the successful bidder at the time the contract is awarded.

Done by the order of the Board of Commissioners, this 3rd day of July, 1931.

M. E. Cooper,
J. G. Britton,
H. A. Sherrill,

Attest: W. E. Gill, County auditor. July 11-18-25.

NOTICE OF ADMINISTRATION

Notice is hereby given that the undersigned has been appointed by the Judge of the Circuit Court of Putnam County, State of Indiana, Administrator of the estate of Charles McAllister late of Putnam County, deceased.

Said estate is supposed to be solvent.

Henry Koessler Administrator.
July 17, 1931.
Theodore Crawley, Attorney.
John W. Herod, Clerk of the Putnam Circuit Court. 18-3t.

MOVIES

AT THE GRANADA

"Dance Fools, Dance," which will open Sunday at the Granada theater, is Metro-Goldwyn-Mayer's latest talking picture starring Joan Crawford.

This is the most glamorous of Miss Crawford's recent roles, reflecting both the glitter of "Our Blushing Brides" and the tragic drama of "Paid," her last two screen offerings.

Lester Vail, a newcomer to the screen who recently made his debut in "Beau Ideal," is Miss Crawford's leading man in her new picture, and the supporting cast includes such film favorites as Cliff Edwards, William Bakewell, William Holden, Clark Gable, Earl Foxe, Purnell B. Pratt, Hale Hamilton, Natalie Moorehead, Joan Marsh and Russell Hopton.

Perhaps outstanding in the spectacular episodes is a nocturnal lingerie

JOAN CRAWFORD and LESTER VAIL in "DANCE FOOLS DANCE"

swimming party staged during a gay yachting cruise in the opening scenes. In this, scores of dazzling damsels strip to unmentionables and dive overboard with their boy friends. Another glittering scene in the night club dance number intriguingly executed by Miss Crawford in a clinging silver creation.

The story, despite lavish touches, is an intensely dramatic one, the plot motivated by murder on a wholesale scale. It is a daring theme from the society angle and a still more daring one from the viewpoint of exposing crime and racketeering. There is a wealth of newspaper atmosphere, realistically supplied.

Miss Crawford plays the part of a society girl, reduced to poverty, who turns to newspaper world for a livelihood. In her hunt for the gangster killers of another reporter, she discovers her own brother to have been involved in the brutal crime. The climax comes when she decides to give her brother up.

CUT DIVIDEND RATE

NEW YORK, July 25, (UP)—Despite a lack of definite statements, Wall street today accepted, as philosophically as possible, reports that the United States Steel Corporation will cut its annual dividend rate, at its directors' meeting next Tuesday, from \$7 a share to an annual \$5—possibly \$4—rate.

Coupled with this report came an equally unconfirmed statement that

this action would be paralleled on the industrial side, by a cut in salaries and wages, in order to meet competition from other leading producers.

The predicted action, important because big business holds United States Steel in the light of a business barometer, was taken to indicate that the corporation heads feel that business is not substantially on the way to the quick recovery that was hoped for earlier in the year.

FEDERAL AID UNCOLLECTED

INDIANAPOLIS, July 25, (UP)—Indiana state highway commissioners

have collected less than \$1,000,000 of the \$7,713,442.57 federal aid which piled up last year, it was revealed today, despite statements from the commission's publicity agent that only about \$260,000 federal aid money lay "unobligated."

Ralph Simpson, chief clerk for the highway department, said today another \$1,000,000 would be collected by the end of July, making the total of normal and emergency federal aid obtained about \$2,000,000.

Department records showed that on January 1, \$7,713,422.57 federal aid light and medium weights mostly 35c was due Indiana. Of the sum, \$5,667,-

513.57 was normal federal aid and \$2,045,929 was an emergency federal aid appropriation.

Records indicated that only \$842,202.86 had been collected by June 30, of which \$514,444.46 was normal aid and \$327,758.40 emergency aid.

According to those figures, about \$6,000,000 of federal aid money remains uncollected.

INDIANAPOLIS LIVESTOCK

Hogs receipts 1,000; holdovers 193; January 1, \$7,713,422.57 federal aid light and medium weights mostly 35c was due Indiana. Of the sum, \$5,667,-

Mostly steady to 15c higher; 160 to 210 lbs. \$8.30 and \$8.35; few light weights \$8.40; 210 to 230 lbs. \$8.15 to \$8.25; 230 to 250 lbs. \$7.75 to \$7.95; 250 to 270 lbs. \$7.25 to \$7.60; 270 to 280 lbs. around \$7.00; 130 to 160 lbs. \$7.50 to \$7.75; packing sows \$4.25 to \$5.50.

Cattle receipts 50; calves 150; slaughter classes nominal; higher for the week; weaners 50c lower at \$8.50 down.

Sheep receipts 150; lambs scarce; steady; bulk better grades \$7.50 to \$8.75; common throwouts down to \$4.00.

Announcement

We extend an invitation to all the former customers and friends of the True-Hixon Lumber Company, as well as our own, to call at our yard and inspect our lumber and building materials.

By the purchase of the True-Hixon Lumber Company's interest, we are in a position to give lower prices and do business at a smaller margin of profit, due to increased volume.

Our prices have been "pared to the bone" and we are now selling lumber for less than it has been at any time since 1913.

EXTRA CLEAR RED CEDAR SHINGLES \$3.80 Sq.

ROLL ROOFING \$1.00 Sq.

1x6 SHEETING \$2.50 C

1x8 SHIPLAP \$2.50 C

We shall endeavor to give you even better service in the future than we have in the past.

We have a complete stock of lumber, Millwork, Builder's Hardware, Paint, Glass, Cement, Plaster, Lime, Brick, Drain Tile, Sewer Pipe, Shingles, Asphalt Roofing, and everything needed in the construction or repair of a building.

Mr. and Mrs. Carl Dillon of Chicago are visiting a few days with the latter's mother, Mrs. Robert Crouch and Mr. Crouch in New York City.

REMEDY FOR POISONING

If an outdoor fan is unfortunate enough to acquire a "case" of poison ivy this summer he'll be better off if he does not listen to his friends and try all their home-made, "sure cure remedies," advises the Izaak Walton League in a recent vacation bulletin.

There is no reason to fool with trick cures when a definite relief and cure for poison ivy is available. Here is the way to treat a case of this vegetable poison. The method is the result of hundreds of experiments conducted by a well known scientist, J. B. McNair, formerly connected with the University of Chicago, and now on the staff of the Field Museum.

First infected parts should be washed thoroughly with strong soap and water. Laundry soap is better than a plain hand soap. The idea is to remove from the skin as much of the irritating oil of the poison ivy plant as possible. Soap and water will do very well, but washing the infected parts with ether or chloroform is recommended because the oil of poison ivy is easily soluble in these.

Next, apply a 5 percent solution of Ferric Chloride which has been added to a fifty-fifty solution of water and alcohol. If you can't get the alcohol use the deluted ferric chloride solution. Swab the infected parts thoroughly with cotton soaked in the Chloride, and then apply compresses of the solution to the infected skin. Keep the pads moist and well bandaged. Renew the chloride solution at intervals.

Ferric chloride or iron chloride can be purchased at most any drug store. Outdoor fans who wish to play safe, can take a bottle of it with them on their trips.

ANNOUNCEMENT MADE

HAMMOND, July 25 (UP)—Announcing the results of a private investigation R. G. Thompson, Hammond declares a rabbit breeding is being operated in this section of Indiana.

According to Thompson, rabbits are sold at \$25 each with the understanding that a packing company will buy all the young at 35 cents a pound. However, he charges, most of these engaged in the business have only officers—there is no packing plant or fur treating unit.

Thompson says he was about to mortgage his home to engage in the business when he learned from a neighbor who had "invested" that no one ever called for the young rabbits.

The investigation covered Lansing, Ill., Hammond, Dyer and Hessville, according to Thompson, who has laid the results before the Hammond Chamber of Commerce and says he has been promised a thoroughly inquiry.

Edison Taking Needed Vacation

GREAT INVENTOR FORCED TO TAKE REST FOR SAKE OF HEALTH

WEST ORANGE, N. J., July 25, (UP)—Thomas A. Edison, inventor-hero of one of America's favorite success stories, has been forced to cease active work at the age of 84.

Overwork during experiments in producing rubber from the golden rod plant, on which the aged inventor worked steadily all last winter at Fort Myers, Fla., have made it necessary for Edison to take a vacation from the laboratory, according to his brother-in-law, John V. Miller—a vacation that may presage retirement, in view of his advanced age.

"Since his return from the south on June 16," Miller said, "Edison has visited his laboratory only one, and does not plan to visit it again for some time." He remains at his estate, Glenmont, in Llewellyn Park, and takes automobile rides in the vicinity.

The figure of the white-haired, deaf inventor is as familiar to millions of Americans as his record of achievement in science, a record built up through more than an average lifetime of work with test tube and chemicals, filaments and carbons. His custom of working 18 and 20 hours a day on inventions, neglecting to stop for food or sleep, is prominently recorded on the pages of American biography.

Edison's inventions include some of the most spectacular in science—several of which have revolutionized industry and the results of which touch contemporary life from many angles.

Starting with telegraph appliances, the young man from Milan, O., who began selling newspaper on a Detroit-Port Huron train passed discoveries in carbon telephone transmission, then produced such "miracles" as the incandescent light, the phonograph, the motion picture camera and projector, and then, after it appeared he had no more worlds to conquer, devoted himself to synthetic rubber.

A NEW RACKET

COUNCIL BLUFFS, Ia., July 25, (UP)—A 14 year old girl and two boys told police today of a "swell little racket" which consisted of standing on a street corner, looking woebegone and saying to each passerby:

"Please will you help us get some money to bury Mr. Winsor? He was a poor man, but so kind."

"I thought it up," the girl said today, "so the boys let me have the first \$10 we collected and I bought a new dress."

The children were turned over to juvenile authorities.

TO LAY CORNERSTONE

WABASH, July 25 (UP)—The Wabash area of the Fraternal Order of Eagles will lay the cornerstone of the new home here Sunday.

Robert Procter, Elkhart, national president, and Otto P. Deluse, Indianapolis, past national president, will be in charge of the ceremonies. State officers will be represented by Wilbur H. Miller, Indianapolis, inside guard.

A copy of the song, "A Love That Will Never Die," presented for the first time May 10 when the Eagles unveiled a table in Indianapolis commemorating the first known public appeal for observance of Mothers Day will be placed in the stone. The song will be sung by Elizabeth Marie Stone, Indianapolis, who offered it at the Indianapolis service. Other music will be provided by the Four Eagles, male quartet.

KING BUYS FIVE AUTOMOBILES

LONDON, (UP)—King George has given Queen Mary and himself a right royal present. It is only five automobiles!

Five of the latest models of a well-known British firm will be delivered to the king at Windsor Castle soon. Each car is fitted with an automatic gear changing device.

Four will be painted in the royal colors of maroon and red; and the fifth, which is designed for the queen's personal use, will be dark green. Two of them are 12 cylinder 40-50 horsepower cars, one is a 30-40 horse-power brougham for the king and there is one of each model for the queen.

All of the most modern devices have been incorporated in the cars. One device consists of a foot switch which turns off the headlights and switches on a spotlight.

The bodies have much the same appearance as the cars in use at present.

The two limousines now used by the king and queen will, it is understood, be sent out to India for use by Lord Willingdon, the new viceroy.

GRASS WIDOW VEGETARIAN'S WIFE, DECLARES BOY

COLUMBUS, O., (UP)—A "skele-ton" is a man with his inside out and his outside off, according to a grade school student's answer to a question in a test given by the research department of Ohio State University.

Among other answers in the test were: A grass widow is the wife of a vegetarian; a man who marries twice commits bigamy; in Christianity a man may have only one wife—that is called monogamy; a goblet is a male turkey; SOS is a musical term meaning "same only softer"; to germinate is to become a naturalized German.

WORKING PACT WITH U. S. MOVIE FILMS SOUGHT

FINANCIER SENT TO HOLLYWOOD WITH "RECIPROCITY" SCHEME

LONDON, (UP)—The allegedly low mentality of the average American film fan must be taken into consideration if Great Britain is to save the United States from a movie famine, leaders of the industry here have been warned.

Their advisor, one of London's best known film critics, in discussing a reciprocity scheme with Hollywood and American theater owners, wrote:

"There are two 'snags' in the outlook for reciprocity films. The first is that the average mentality in this country is more educated than it is in America, and British films intended for America must be pitched a little lower on that account."

A movement is on foot here now to more than double the film output of Elstree, Britains Hollywood. The leaders in the industry here have had one answer to criticisms from all sides on the quantity, quality and general inferiority of their products as compared with that of Hollywood. It has always been that their films did not have the large circulation of Hollywood offerings and therefore the sum of money that could be spent in their production was of necessity limited.

Experts, however, now point out that the Gaumont-British Pictures Corporation and British International Pictures who control more than 500 theaters in Great Britain are in a position to demand that Hollywood producers take an increased number of British films.

It is reported that a definite "reciprocity" scheme with the United States has already been worked out, sponsored by Isadore Ostrer, brilliant financier, and sent to Hollywood for consideration.

It is reported that if it proves successful, the British producer having access to the American market, will be able to untie the purse strings and produce on a more lavish scale than would be possible if he were assured of only the limited income provided by the British theaters alone.

Such an arrangement, it is believed, also would have the effect of encouraging Hollywood producers to establish studios in Great Britain and produce films which would rank as British films, giving employment to many and increasing the prestige abroad of the local industry.

DRY LAW UP IN 20 STATES

CHICAGO, (UP)—Repeal or modification of state enforcement laws has been considered by twenty state legislatures this year, a survey by the Legislators' Association, revealed today.

Thirteen of the assemblies killed bills for liquor law modification and the remaining seven had liquor bills under consideration.

In nine states the measures were killed on the floor of one house. These were, Iowa, Missouri, New Mexico, Ohio, Oklahoma, South Dakota, Utah, Vermont and Washington.

In Indiana, Nebraska and Pennsylvania they were killed in committee. In Illinois, a repeal bill was passed by a substantial majority in the House and by a narrow margin in the Senate but was vetoed by Governor Louis L. Emerson.

The seven legislatures which had liquor law repeal bills before them are those of California, Colorado, Connecticut, Delaware, Michigan, New Jersey and Rhode Island.

The survey showed that five states have repealed their state laws for prohibition enforcement. These are: New York, 1923; Nevada, 1923; Montana, 1926; Wisconsin, 1929; and Massachusetts, 1930.

Maryland has never adopted a state enforcement law.

Cities Change To Meet Motor Car Conditions

PLANNING COMMISSIONS COMING INTO POPULARITY EVEN IN SMALL TOWNS

Cities and suburban regions are gradually adjusting themselves to the automobile age, U. S. department of commerce surveys of city and regional activities show. Yet there are still a large number of sizeable cities operating without city planning commissions, and a great many metropolitan areas have failed to use that excellent weapon, the regional planning commission, to meet the changes in living habits induced by the automobile.

City planning is as old as the Roman hills but not until recent years did it become widely used in this country.

Boston was one of the few early cities that carefully planned its street system, but as the Boston plan was created nearly three centuries before the automobile two serious mistakes were made: the streets radiate from a hub, and the streets are too narrow. Detroit, once a splendid system of wide boulevards, also radiating from a hub, but succeeding generations whittled off street space and now the motor city is making plans to spend \$100,000,000 for travel space that she

once had.

The government surveys show that 786 municipalities are taking advantage of city planning, a gain of 96 in two years. Eighty-three of the 93 cities with populations of more than 100,000 and 174 of the 284 ranging in population from 25,000 to 100,000 have city planning commissions. That the city planning commission is needed in small communities is shown by the fact that the remaining 529 vary in size from 500 to 25,000 residents.

Although economists agree that the regional planning commission is essential to the proper growth of metropolitan communities there are only 67 such organizations in the country.

Well drawn city and regional plans, aside from guiding the growth of the community, serve to assist public officials in budgeting expenditures over a period of years. Early planning also provides flexibility of execution, "so that," states a federal government report, "in times of emergency, public improvements may be expedited without the waste that often accompanies emergency measures."

Automobiles need more space. They have stimulated the development of suburban areas, thereby increasing the need for parks, playgrounds, sewers and so on. Communities that grow without the guidance of planning commissions find the growing costly and haphazard. Planning commissions, with members holding office longer than elected public officials, can get a better view of the community's future problems. With the community's requirements mapped out several

years in advance, the community can get its improvements as needed without the furore that goes with lack of foresight.

INVENTORY SHOWS MONEY WASTED BY SCHOOL BOARD

CHICAGO, July 25, (UP)—Wheelbarrows, coal wagons, vacuum cleaners, snare drums and printing presses are among the things which the Chicago school board has spent thousands of dollars for and never used, it was reported today to trustees who are seeking ways to reduce school expenses so that teachers can be paid.

The school board ran out of money last April 24 when it made its last payment of salaries to teachers. Since then plans have been studied to reduce operating expenses in the future. An inventory was taken of all unused articles in school house store rooms.

The list, presented by business manager Ernest Withall, included hundreds of dumbbells, Indian clubs and exercise wands which had been stored and forgotten; scores of phonographs and a couple of dozen clocks which had never provided music or the correct time for anybody; ladders that nobody ever climbed, and desks that none ever sat in.

One school had six unused shower baths in storage; another had a \$2,834 printing press which had never been run; one had an organ that hadn't been played, and all together they had seven thousand unused basketballs, soccer balls and Rugby balls in storage.
